

SteelEye Solutions for Linux® Deployments

Operating System Platforms

Asianux 2.0
CentOS 4 and CentOS 5
Novell SUSE SLES8, SLES9 and SLES
Oracle Enterprise Linux 4 and OEL 5
Red Hat RHEL3, RHEL4 and RHEL5

Virtualization Platforms

Citrix XenServer 4.1
IBM LPARs
VMware ESX Server 2.5
VMware Infrastructure 3.x

Server Platforms

Any IA-32, IA-64, EM64T, AMD64 compliant server including:
Dell PowerEdge
HP ProLiant BL, DL, and ML lines
IBM System x and BladeCenter

Storage Platforms* LifeKeeper for Linux

DataCore SANsymphony
Dell PowerVault
EMC CLARiiON and Symmetrix
Fujitsu ETERNUS
HP MSA500/1000/1500/2000, EVA
IBM FASiT and DS4x00, EXP 300/400 with ServeRAID
IBM DS3200, DS3300, DS3400, DS6800, DS8100 and ESS
SILVERstor Giant GT-3000
Sun StoreEdge 3310, 6130

*See LifeKeeper for Linux release notes for complete list.

Multi-path - may require separate Recovery Kit

EMC PowerPath
Hitachi HDLM
HP Secure Path and QLogic failover for EVA and MSA
IBM RDAC and SDD
Linux Device Mapper Multi-path (MPIO)
NEC SPS

SCSI/Fibre Adapters

Adaptec 29xx SCSI, 39160 SCSI
Dell PERC
Emulex LightPulse FC
HP cpqfc and cciss
IBM ServeRAID
LSI MegaRAID Elite
QLogic QLA FC

Application Recovery Kits

Apache/SSL (secureweb)
Application (Generic)
ClearCase
CUPS (via Samba and Download scripts)
DB2 UDB 7.x, 8.x
DRBD
Device Mapper Multi-path (MPIO)
EMC PowerPath
File System
IBM SDD
Informix Dynamic Server 10
IP Failover w/ Local NIC Recovery
LAMP Solution for Web Services
Logical Volume Manager
Lotus Domino
MaxDB / SAPdb
MySQL
NEC SPS
NFS Client (for NAS devices)
NFS Server
Oracle 9i, 10g, 11g
Postfix
PostgreSQL v7.x, 8.x
Samba (File Sharing)
SAP and SAP Netweaver
Software RAID (md)
Sybase ASE
VMware ESX Server Virtual Machines
WebSphere MQ
Support for Custom Applications Available!

Replicate Any Data. Protect Any Application

High Availability Clustering

LifeKeeper for Linux v6

Data Replication

SteelEye Data Replication for Linux v4 - 2.4 kernel

SteelEye Data Replication for Linux v6 - requires 2.6 kernel

DRBD ARK - Integrates LifeKeeper with DRBD replication

Disaster Recovery Solutions

LifeKeeper for Linux + SteelEye Data Replication v6

SteelEye Protection Suite: LifeKeeper for Linux + SteelEye Data Replication v6 + Application Recovery Kit

Consult the product release notes at <http://licensing.steeleye.com/documentation/linux.html> for more detailed information

About SteelEye Technology

SteelEye is the leading provider of data and application availability management solutions for business continuity and disaster recovery for Linux and Windows and virtual environments.

The SteelEye family of data replication, high availability clustering and disaster recovery solutions are priced and architected to enable enterprises of all sizes to ensure continuous availability of business-critical applications, servers and data.

To complement its software solutions, SteelEye also provides a full range of high availability consulting and professional services to assist organizations with the assessment, design and implementation of solutions for ensuring High Availability within their environments.

SteelEye is a subsidiary of SIOS Technology, Inc.
